

# MONTCLAIR STATE UNIVERSITY

FELICIANO SCHOOL OF BUSINESS

## Master of Business Administration

### MBA

The MBA program at Montclair State University is a STEM-designated program that prepares students for a career in business. Evening classes are catered to student's schedules to allow flexibility and time for on-campus work or off-campus CPT.

### Full-time MBA

The Full-time MBA program may be completed in one year, on an accelerated schedule, or in 1.5 to 2 years. Designed for recent graduates and early career professionals, students in this program are prepared for the workforce through immersive career development experiences. International students on F-1 student visas are eligible for this program option, usually completed in 1.5 to 2 years. Core MBA courses are enhanced by lessons in leadership and live consulting and internship projects.

“ Montclair State University is a great school! The campus is very nice and is located right next to New York City, we even have a wonderful view of the city from certain buildings. You can also join clubs, organizations, sports teams, and participate in activities organized by the school, which allows you to meet a lot of people and make friends quickly. Whether it is students or professors, everyone is welcoming and friendly and makes us feel at home.
