Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Upon admission, students with prior graduate training may apply for individual review of transfer credits (if they started but did not complete a prior graduate degree) or waiver credits (if they completed a prior graduate degree). Students can transfer a maximum of 24 graduate-level credit hours into the program, per equivalency review and approval by the program, and provided that the student received a "B" or better and the course was taken within 10 years of the student's date of matriculation. Alternatively, a similar number of courses can be waived by the program (e.g., in the case of students who completed the terminal MA Program in Clinical Psychology at Montclair State University), and pursuant to the same equivalency review and approval process. However, all students must complete a minimum of 48 non-dissertation credits in the program. Students entering the PhD program who have completed a master's thesis as part of a prior graduate degree program in clinical psychology or a related field may also seek to have their second-year project requirement waived. All students in the program must complete the comprehensive examination and dissertation requirements regardless of whether they fulfilled similar requirements in a prior graduate program. For more information, refer to the section of the program's handbook titled Transfer Credits, Waivers, and Substitutions. The program handbook is available at <https://www.montclair.edu/psychology/graduate-programs/phd-in-clinical-psychology/>

Program Costs

Description	2024-2025 1 st -year Cohort Cost
Tuition for full-time students (in-state)	\$747
Tuition for full-time students (out-of-state)	\$747
Tuition per credit hour for part-time students (<i>if applicable enter amount; if not applicable enter "NA"</i>)	N/A
University/institution fees or costs	\$34
Additional estimated fees or costs to students (e.g., books, travel, etc.)	\$9,690

The tuition and university fees or costs figures reported above are per credit. The program's curriculum consists of 86 credits in total: 27 credits in the first year, 26 credits in the second year, 14 credits in the third year, 17 credits in the fourth year, and 2 credits in the fifth year. The additional estimated fees or costs to students were calculated based on books, travel (for students living off campus), other miscellaneous costs associated with obtaining a degree, and the university's student health insurance plan. The annual figure does not include the costs of housing nor meals. For further information about cost estimates for doctoral students at Montclair State University, please refer to <https://www.montclair.edu/tuition-and-fees/graduate-costs/> and <https://www.montclair.edu/red-hawk-central/student-accounts/student-health-insurance/>

The program makes every effort to fund students through their first four years of study, unless otherwise agreed to at the time of admission. Support is provided through mechanisms such as doctoral (or similar graduate)
