

#### Point Requirements for 3-, 4-, and 5-Star Ratings

Star Ratings are determined by your center/school-wide average score on the ERS assessments conducted by Grow NJ Kids Rating, evidence of implementing a selected research-based curriculum *and* the number of points you earn from meeting standards across all five categories. A program can reach required points for applied star rating by submitting documentation that meets the requirements from *any level and any category*.

	Requirements for Star Ratings by	Grow NJ Kids Rating	
Star Rating	ERS (ECERS-3/ITERS-3)	Implementation of Curriculum (GNJK Standard: 2.4.1)	Range of Points for required documentation

Your center/school will be awarded points by meeting standards from each of the five categories. The following pages list the *Grow NJ Kids* standards from Levels 3, 4, and 5 of each category and the amount of points each standard is worth. Your center/school can acquire points by meeting standards during the onsite review of documentation by Grow NJ Kids Rating and/or by electronically submitting documentation on NJCCIS.

The box below describes the information in each box and how it is coded:

GNJK Criteria #	Level 3	Level 4	Level 5	Max. Pts.	My Pts.
Criteria #	Standard Description Point Required Documentation/Evidence Value Special Notes			Max. # of points available	

Additionally, some items are qualitative and measured across more than one level. These items are listed horizontally and, depending on documentation requirements, point values may be added together to acquire the maximum amount of points available. Your center/school can achieve *up to* the amount of points listed on those items by meeting the requirements for each leveled standard. The example below demonstrates this:
