3.8 **Requirements of N.J.S.A. 19:44A-20.13, et. seq.**

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, the terms and conditions set forth in this section and N.J.S.A. 19:44A-20.13, et. seq. are material terms of any contract resulting from this RFP:

3.8.1 **Definitions** - For the purpose of this section, the following shall be defined as follows:

3.8.1.1 *Contribution* – means a contribution reportable as a recipient under "The New Jersey Campaign Contributions and Expenditures Reporting Act." P.L. 1973, c. 83 (C.10:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:44A-1 et seq. Currently, contributions in excess of \$400 during a reporting period are deemed "reportable" under these laws. As of January 1, 2005, that threshold will be reduced to contributions in excess of \$300.

3.8.1.2 *Business Entity* – means any natural or legal person, business corporation, professional services corporation, Limited Liability Company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. It also includes (i) all principals who own or control more than 10 percent of the profits or assets of a business entity or 10 percent of the stock in the case of a business entity that is a corporation for profit, as appropriate; (ii) any subsidiaries directly or indirectly controlled by the business entity; (iii) any political organization organized under 26 U.S.C. 527 that is directly or indirectly controlled by

the business entity, other than a candidate committee, election fund, or political party committee; and (iv) if a business entity is a natural person, that person's spouse or child, residing in the same household.

3.8.2 Breach of Terms of N.J.S.A. 19:44A-20.13, et. seq. – Shall be deemed Breach of Contract - It shall be a breach of the terms of the contract for the Business Entity to (i) make or solicit a contribution in violation of this Order, (ii) knowingly conceal or misrepresent a contribution given or received; (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate of holder of the public office of Governor, or to any State or county party committee; (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of N.J.S.A. 19:44A-20.13, et. seq.; (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employees; (vii) engage in any exchange of contributions to circumvent the intent of N.J.S.A. 19:44A-20.13, et. seq.; or (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of N.J.S.A. 19:44A-20.13, et. seq.

3.8.3 **Certification and Disclosure Requirements**

3.8.3.1 The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods. Accordingly, the Business Entity shall submit with its bid proposal the Political Contribution Disclosure in this RFP certifying that no contributions prohibited by N.J.S.A. 19:44A-20.13, et. seq. have been made by the Business Entity. A separate Certification is required for each person or organization defined above as a Business Entity.

3.8.3.2 Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall report all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C. 527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the mean of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7, in the Political Contribution Disclosure form attached to this RFP. A separate Disclosure is required for each person or organization defined above as a Business Entity. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Disclosure(s) within five (5) business days of the State's request.

3.8.3.3 Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. Contractor shall use **Montclair's Political Contribution Disclosure Form**. A separate Disclosure is required for each person or organization defined above as a business entity.

3.8.4 **State Treasurer Review** - The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

3.9 In the event of a single bid for all the work (Single Prime), the Bidder shall include the name, address, and license number of its principal Subcontractors (if applicable) in all the categories listed on the Single Bid Subcontractor Listing in the Proposal Form for the project. Please include the SBE registration number for any listed subcontractor registered with NJ Commerce as a Small Business Enterprise (SBE) firm.

3.10 The classification data requested in the Company Qualification Questionnaire is for informational purposes only. The University may use the prequalification dollar limits submitted to assist in the overall evaluation of the bidder's financial

resources and capability. The University reserves the right to use other financial data available in accordance with the bidder qualification evaluation process.

3.11 The University reserves the right, in accordance with applicable law, to reject a bidder at any time prior to the signing of a contract if information or data is obtained which, in the opinion of the Contracting Officer, adversely affects the responsibility and/or the capability of the Bidder to undertake and complete the work regardless of the bidder's previous qualification. The University may, in accordance with applicable law, conduct any investigation as deems necessary to determine the Bidder's responsibility and capacity and the Bidder must furnish all information and data for this purpose as the University may request.

4. Bid Security

4.1 Each proposal must be accompanied by a *Bid Bond*, *Certified* or *Cashier's Check* ("Bid Security") made payable to Montclair State University equal to ten percent (10%) of the amount of the proposal as evidence of good faith, which guarantees that if the proposal submitted by the Bidder is accepted, the Bidder will enter into the Contract and will furnish the required Contract Documents and *Surety Bonds*. Bid Security will be held, retained or returned in accordance with Section 6.2 and 6.3 of the RFP. If a Bid Bond is submitted, it shall also provide that the Surety issuing the Bid Bond is bound to issue the required *Payment* and *Performance Bonds*, if the Bidder is awarded the Contract. If the Bidder whose proposal is accepted is unable to provide the *Performance* and *Payment Bonds* or fails to execute a Contract, then such Bidder and the *Bid Bond Surety* shall be obligated to pay Montclair State University the difference between the amount of the bid and the amount which the University contracts to pay another party to perform the work. The University reserves the right to retain any Certified or Cashier's Check deposited hereunder as reimbursement for the difference as aforesaid, and shall return any unrequited balance to the bidder. Should there be a deficiency in the amount of the Bid deposit, the Bidder and the Surety shall pay the entire amount of the difference in cost upon demand. The Contractor shall construe nothing contained herein as a waiver of any other legal remedies the University may have by reason of a default or breach.

4.2 Certified or Cashier's Checks or Bonds submitted by unsuccessful Bidders will be returned after the Contract has been executed. Contractors electing to furnish a Bid Bond must also include a Consent of Surety, in form acceptable to the University.

Attorneys-in-fact who sign Bid Bonds or Contract Bonds must file a certified Power-of-Attorney with the University indicating the effective date of that power.

5. Insurance Requirements

5.1 The successful Bidder must assume responsibility for his actions and those of all others working for him while engaged in any activity connected with this contract. If awarded the contract the successful Bidder must carry sufficient insurance to protect the University from any property damage or bodily injury claims arising out of the contracted work as required in Article 9 of the General Conditions of Contract (Attachment "A") and name the University as Additional Insured. As proof of insurability the Bidder shall submit with the bid proposal a copy of its current insurance certificate(s). **For this project excess liability of \$5 million will be acceptable.**

7. Award of Contracts:

An Evaluation Committee will review the bidder responses, and oral presentations may be requested. The contract award shall be made to that responsible bidder whose bid proposal, conforming to this RFP, is most advantageous to the University, price and other factors considered. In accordance with applicable law, the University reserves the right to reject any or all bids, or to award in whole or in part, if deemed to be in the best interest of the University to do so. Furthermore, the University reserves the right to waive any other bid requirement in their sole discretion when such waiver is in the best interest of the University and where such waiver is permitted by law.

- 7.1 Contracts or issuances of orders resulting from this Bid Proposal will be subject to the availability and appropriation of funds to the University.
- 7.2 Alternates will be accepted or rejected in numerical sequence as cited in the Bid Documents and shall not be selected at random except as provided herein. Add alternates and deduct alternates will be specified separately. The University may choose from either/or the add and/or deduct alternates without priority between the two groups as long as selection within each group is in numerical sequence from the first to the last. This limitation shall not apply, however, to any alternates concerning proprietary items. The Contracting Officer may accept alternates out of sequence, provided he states his reasons for so doing in writing within five (5) days of the opening of Bids. Should submission of unit prices be required for specified items of work in Bid Proposals, they will be considered in the evaluation of bids.
- 7.3 In executing a contract, a successful Bidder agrees to perform his work in a good and workmanlike manner to the satisfaction of the University Contracting Officer and to complete portions of the work by established milestone dates and all work within the number of calendar days specified in the Contract.
- 7.4 The successful Bidder will be notified of the time and place for the signing of the Contract. Key requirements in the conduct of the Contract, including but not limited to, project milestones, the number of days for performance of the Contract, manner and schedule of payments, site logistics and other administrative details will be reviewed at the contract award meeting. The time and place of the first job meeting will also be announced.

8. Rejection of Bids

In accordance with applicable law, the Contracting Officer reserves the right to reject any Bid which is non-responsive to the invitation for bids, of any Bidder who is not responsible based upon experience, past performance, financial capacity to perform the work required hereunder, and for other material factors.

9. Performance and Payment Bonds

- 9.1 The successful Bidder shall furnish, within ten (10) calendar days after *Contract Execution*, a Performance Bond, in a form statutory to the Contracting Officer, in an amount equal to one hundred percent (100%) of the total contract price as security for the faithful performance of the Contract, and a Payment Bond, in a form statutory to the Contracting Officer, in an amount equal to one hundred percent (100%) of the contract price as security for the payment of all persons and firms performing labor and furnishing materials in connection with the Contract. The Performance Bond and the Payment Bond may be in one or in separate instruments in accordance with the law. No Contract shall be executed by the University unless and until each Bond is submitted to and approved by the University and the Surety must be presently authorized to do business in the State of New Jersey. The Surety's obligation shall continue beyond final acceptance to the extent that the Contractor may have such an obligation.

The cost of Bonds shall be the sole responsibility the Contractor.

- 9.2 If at any time the University, for justifiable cause, is dissatisfied with any Surety or Sureties that have issued or proposed to issue the Performance or Payment Bonds, the Contractor shall within ten (10) days after notice from the University to do so, substitute an acceptable Bond (or Bonds) in such form and sum and executed by such other Surety or Sureties as may be satisfactory to the University. The premiums of such Bond(s) shall be paid by the Contractor. No Contract shall be executed and/or payment made under a Contract until the new Surety or Sureties have furnished such an acceptable Bond to the University. Bonds must be legally effective as of the date the contract is signed. Bonds must indicate Contractors' names exactly as they appear on the Contract. Current Attorney-in-Fact Instruments and financial statements of the Surety must be included with the Bond. Bonds must be executed by an authorized Officer of the Surety. Bonds furnished under this article shall conform in all respects to the requirements and language of N.J.S.A. 2A:44-143 to 147.

10. Liquidated Damages

10.1 The University includes liquidated damages of \$1,000 per calendar day for the violation of the contract or the failure to perform the contract as stipulated in the General Conditions or Supplemental General Conditions, if any (attached).

11. Offer of Gratuities

11.1 N.J.S.A. 52:34-15 makes it a misdemeanor to offer, pay or give any fee, commission, compensation, gift or gratuity to any person employed by the State. It is the policy of the University to treat the offer of any gift or gratuity by any company, its officers or employees, to any person employed by the University as grounds for debarment or suspension of such company from bidding on and providing work or materials on University Contracts.

12. Federal Excise Taxes and States Tax

12.1 In general, Bidders, in preparing their bids, must take into consideration applicable Federal and State Tax Laws.

12.2 Materials, supplies or services for exclusive use in erecting structures, buildings or otherwise improving, altering or repairing University owned property, are exempt from the State Sales Tax. Bidders must make their own determinations as to the current status and applicability of any Tax Laws and the Contractor may make no claim based upon any error or misunderstanding as to the applicability of any Tax Laws.

12.2.1 Purchases or rentals of equipment are not exempt from tax under the State Sales Tax Act.

13. Restrictive Specifications

13.1 If a Bidder determines before the bid due date, that any portion of the Specifications or Drawings require a particular product which can be provided by only one supplier or manufacturer, with the result that competitive prices are not available, he shall immediately notify the Contracting Officer and the Architect/Engineer in writing of such fact.

13.2 If such notice is not given in a timely manner, it shall be assumed that the Bidder has included the estimate of such sole source in the Bid. In the alternative, if the Contracting Officer and Construction Manager are notified in a timely manner of the requirement in the specifications of a sole source of supply or manufacture, the Contracting Officer may order the project re-bid or may take any other lawful action.

14. Set Aside Program for SBE – Construction

14.1 The University requires bidders to make a good faith effort to provide practical opportunities for SBE firms to participate in the performance of this contract as subcontractors, consistent with the overall 25% SBE goal established for construction by the New Jersey Economic Development Authority (NJEDA). **SBE subcontracting goals are not applicable if the bidder is currently registered with NJEDA as an SBE firm when the proposal is submitted.**

14.2 All bidders must submit a completed Montclair SBE Form B-1 with the Proposal either:

14.2.1 Identifying the bidder as a registered SBE, and attaching a copy of the SBE Registration Certification, or

14.2.2 Identifying all SBE firms proposed as subcontractors on the project including their New Jersey Economic Development Authority (NJEDA) SBE Registration numbers, the SBE category in which they are registered and the proposed percentage of the contract with each SBE Subcontractor is to perform.

Failure to submit this completed form may disqualify the bid proposal.

14.3 All non-SBE bidders must complete Montclair Form B-2, Affidavit of Outreach, and explain their proposed approach to reaching the 25% SBE goal, demonstrating the good faith efforts of a bidder as set forth in N.J.A.C. 17:14-4.3. If the firm's Montclair SBE Form B-1 fails to demonstrate that the firm will meet the SBE subcontracting goals, Montclair Form B-2 must provide a record of the bidder's efforts, attempts to contact eligible businesses, and the reasons for its failure to meet the subcontracting targets, or a certification that the firm does not intend to subcontract any work. Failure to demonstrate good faith efforts to provide subcontracting opportunities to SBE's may disqualify the bid proposal.

14.4 Two categories of SBE have been created for purposes of construction contracts:

Category 4 - Gross revenues not exceeding \$1,000,000

Category 5 - Gross revenues not exceeding the applicable annual revenue standards set forth in 13 CFR 121.201

The University reserves the right, after award of the contract, to work with the successful bidder toward meeting unmet SBE subcontracting goals. The successful bidder will not be permitted to substitute non-SBE subcontractors for SBE subcontractors without good cause and the written approval of the University.

15. Affirmative Action Requirements

- 15.1 The successful bidder must agree to incorporate into the contract the mandatory language of subsection 3.4(a) of the regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the contractor and all subcontractors must agree to comply fully with the terms, provisions, and obligations of said subsection 3.4(a) provided that said subsection shall be applied subject to the terms of subsection 3.4(d) of said regulations.
- 15.2 “The successful bidder to this contract agrees to incorporate into the contract the mandatory language of subsections 7.4(a) and (b) of the regulations promulgated by the Treasurer pursuant to P.L. 1975, c.127, as amended and supplemented from time to time and the contractor or subcontractor agree to comply fully with the terms, provisions and obligations of subsections 7.4(a) and (b).”
- 15.3 If a company can provide current evidence that it is operating under a federally approved and sanctioned Affirmative Action Program or can provide a current copy of the State of New Jersey “Certificate of Employee Information Report Approval,” such evidence should be submitted with the bid in order to preclude additional requirements pertaining thereto.

It is the policy of Montclair that its contracts should create a work- force that reflects the diversity of the State of New Jersey. Therefore, contractors engaged by Montclair to perform under a construction contract shall put forth a good faith effort to engage in recruitment and employment practices that further the goal of fostering equal opportunities to minorities and women.

The contractor must demonstrate to Montclair’s satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under Montclair’s contract with the contractor. Payment may be withheld from a contractor’s contract for failure to comply with these provisions.

Evidence of a "good faith effort" includes, but is not limited to:

1. The Contractor shall recruit prospective employees through the State Job bank website, managed by the Department of Labor and Workforce Development, available online at <http://NJ.gov/JobCentralNJ>;
2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;
3. The Contractor shall actively solicit and shall provide Montclair with proof of solicitations for employment, including but not limited to advertisements in general circulation media, professional service publications and electronic media; and
4. The Contractor shall provide evidence of efforts described at 2 above to Montclair no less frequently than once every 12 months.
5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27.

16. **FEDERALLY FUNDED PROJECT CONTRACTS** – When applicable, this contractor and subcontractor shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status. The federal government is not funding the project undertaken by this RFP.

17. Mandatory ELEC Disclosure Requirements – Chapter 271

Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to N.J.S.A. 19:44A-20.27 (P.L. 2005, c. 271, section 3) if the

contractor receives contracts in excess of \$50,000 from a public entity in a calendar year. It is the contractor's responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

A breach of this representation and warranty shall permit Montclair to terminate the contract immediately and Montclair shall have no obligation to make payment to the contractor. A breach of this representation and warranty shall be a material breach and permits Montclair to terminate the contract and subject the contractor to civil and criminal penalties by the State of New Jersey pursuant to N.J.S.A. 52:32-59. Signature on the Proposal Form indicates representation of the above.

20. Schedule of Values

If one or more such stockholder or partner or member is itself a corporation or partnership or limited liability company, the stockholders holding 10 percent or more of that corporation's stock, or the individual partners owning 10 percent or greater interest in that partnership, or the members owning 10 percent or greater interest in that limited liability company, as the case may be, shall also be listed. The disclosure shall be continued until names and addresses of every noncorporate stockholder, individual partner, and/or member exceeding the 10 percent ownership criteria established in this act has been listed. Vendors/Bidders shall use the University's Ownership Disclosure Form.

To comply with this section, a bidder with any direct or indirect parent entity which is publicly traded may submit the name and address of each publicly traded entity and the name and address of each person that holds a 10 percent or greater beneficial interest in the publicly traded entity as of the last annual filing with the federal Securities and Exchange Commission or the foreign equivalent, and, if there is any person that holds a 10 percent or greater beneficial interest, also shall submit links to the websites containing the last annual filings with the federal Securities and Exchange Commission or the foreign equivalent and the relevant page numbers of the filings that contain the information on each person that holds a 10 percent or greater beneficial interest.
